Subject: PRESS RELEASE 12/29/14 - Cedar Lane Road Project

PRESS RELEASE

City of Norman
201 West Gray
Norman, Oklahoma 73069

For Immediate Release: December 29, 2014

Contact: Josh Malwick, City Capital Projects Engineer, (405) 366-5454,
Josh.Malwick@NormanOK.gov

CEDAR LANE ROAD PROJECT

Beginning Tuesday, December 30, 2014, at 8:00 a.m., Duit Construction Company, under contract with the Oklahoma Department of Transportation, will detour traffic to travel west from Black Locust Court, utilizing the north half of Cedar Lane Road. The new detour will eliminate access to Black Locust Court from 36th Avenue SE. The shift will allow the contractor to construct the east end of the Cedar Lane Road Widening Project. Signs will be placed to direct the traveling public through the construction zone. Weather permitting; this phase of construction should be completed by mid-January, 2014.

The Cedar Lane Road Widening Project is a \$9.8 million street improvement project. When the project is completed, Cedar Lane Road will be widened to four lanes with 5-foot bike lanes adjacent to the curb, the intersection of 12th Avenue SE and Cedar Lane Road will be widened and signalized with dual left turn lanes from 12th Avenue SE onto eastbound Cedar Lane Road, the railroad at-grade crossing will become a quiet zone crossing, and 5-foot sidewalks will extend the length of the project on both sides of Cedar Lane Road. The Oklahoma Department of Transportation is administering the construction of the project on behalf of the City of Norman because federal transportation funds are involved in the project.

Additional questions may be directed to Mr. Josh Malwick, City of Norman Capital Projects Engineer, at (405) 366-5454 or Josh.Malwick@NormanOK.gov.
